EU Digital COVID Certificate

22 June 2021

- **The EU Digital COVID Certificate contains three certificates: the vaccination certificate, the test certificate and the certificate of recovery.**

- **You can download the free certificates from My Kanta Pages at the address kanta.fi.**

- **You can save the certificate on your own phone or take a screenshot of it. That way you will have the certificate when you need it. You can also print the certificate on paper.**

- **The EU Digital COVID Certificate will be in use as from 22 June. The EU test certificate and the certificate of recovery will be available in My Kanta Pages as from 14 July.**

How to obtain the certificate from My Kanta Pages

1. Log in to My Kanta Pages on the kanta.fi website with your online banking codes or mobile certificate.

2. Select "COVID-19 Certificate" from the menu on the left-hand side. A link to searching the COVID-19 certificate is also available directly on the front page of My Kanta Pages.

3. Download the certificate by clicking the link "Avaa koronarokotustodistus (pdf)." If you have a certificate, it will open in a new tab in PDF format.

Vaccination certificate from My Kanta Pages

The EU COVID-19 vaccination certificate is given already after the first vaccination, and it is available in My Kanta Pages within five days of the vaccination at the latest.

If your vaccination certificate is not in My Kanta Pages and it is necessary for you to have it, please contact the healthcare unit where you had your vaccination.

The EU COVID-19 vaccination certificate replaces the national COVID-19 vaccination certificate.

Use of the vaccination certificate in the EU area

The EU COVID-19 vaccination certificate can be used in border crossings in the EU area. The EU countries themselves decide on other, more detailed purposes of use.

The EU countries are introducing the COVID-19 certificates at different times. Before travelling, passengers must find out for themselves which kind of certificate the destination country requires.

Further information about the COVID-19 situation and guidance on travel in the EU countries is available here: https://reopen.europa.eu
